REPORT

OLD AGE HOME AND SPECIAL HOME VISIT

The complete life, the perfect pattern, includes old age as well as youth and maturity. Old age has its pleasures, which though different, are not less than the pleasures of youth." This is something which the students has realized when we visited an Jeevan Sandya old age home, Zakeer Husen Colony and Arunoday A school for Special Needs with Home Science students of B A VI sem on 28.01.2017.

We found two categories of people there: the ones who were abandoned and deserted by their families and others who were physically disabled and mentally disturbed. Whatever the case may be, the sufferers were the aged ones. Old age is also called the second childhood, and is a time when one needs love and care of the near and dear.

Before this, our students had never been to an old age home, so we were wondering what would it be like. The inmates were very hospitable and friendly, and they welcomed us with their beautiful smiles. To break the monotony of their lives, they mingled with the inmates of Old Age Home and Distributed Fruits and Biscuits to all the inmates of the Home. The children then presented the residents, whom they addressed as dada , dadi, with greetings, biscuits, Fruits.

Though we spent only a few hours with them, they made us realize the value of our grandparents and the tenderness with which we need to take care of them. The children realized that love for their family, particularly their grandparents has grown stronger and deeper.

With these objectives our Home Science department Final year students visited the "Arunodaya"- A School for Special Needs, Gadag. They observed the type of Children which are categorized under 3 to 4 different classes. They also
