Parihar Rural and Urban Development Society ®

In today's competitive world if we ask about what students need to learn in college, we will hear a common answer: Students need to learn leadership skills. Surprisingly, the same answer is heard from the Job providers of both big and small companies.

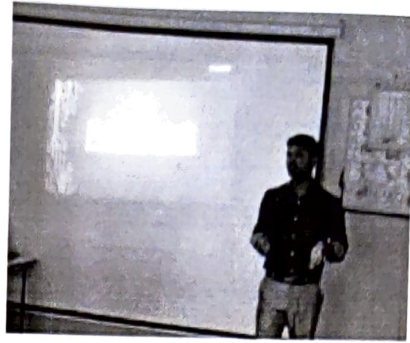

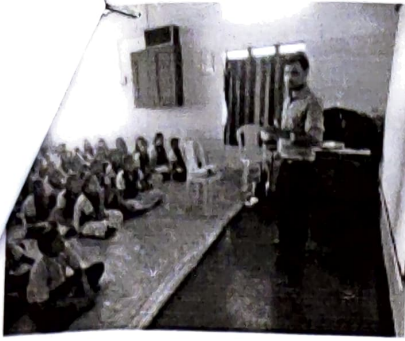

Leadership development is required for students for their future jobs and to serve their communities. In most colleges, we see the development of student leadership skills is not part of the academic curriculum.

Parihar Leadership Program addresses this gap with important modules at your own college premises.

- Leadership Skills ✓
- Time Management ✓
- Importance of English and Communication
- Stress Management
- Career Guidance ✓
- Goal Setting

Duration: 6hrs Session – 3 days (2hrs/day)
