ATR of Feedback on curriculum

Institution collects feedback on curriculum from different stakeholders such as students, teachers and alumni. The collected feedback will be analyzed and department-wise suggestions given will be taken into account and the suggestions received through the feedback are promptly communicated to the members of Boards of studies of their respective departments. Many of our teachers are participating in the syllabus restructuring workshops held at the time of evaluation of semester-end exams in their respective departments. Two of our teachers are members of Board of Studies. Many of our faculty members were participated in redesigning NEP syllabus at our affiliating university.

Some suggestions made by the stakeholders are –

1. There should be continuity and link between syllabus content of Ist sem to VIth Sem.
2. Skill oriented courses should be added.
3. Syllabus should be framed as per the needs of market demand.
4. Empirical studies should be incorporated.
5. Suggest to change the question paper pattern.

It was suggested by the teachers that the syllabus of courses introduced in NEP are not possible to complete within the stipulated time period so that it should be reduced.

These Suggestions were brought to the notice of concerned authority of affiliating university and they in turn communicated these suggestions to BOS of different departments.
